

# Roller Shades FR

**HunterDouglasContract**

WINDOW COVERINGS

## Key Features

Our roller shades provide an excellent solution for controlling light and glare. Simple, versatile, distinctive, and cost-effective, our line includes a wide range of decorative and performance fabrics, mounted on high-quality hardware.

- Include 27 fabrics and over 250 colors — FR rated, light filtering, and more
- Require little mounting space, with universal brackets
- Nearly invisible when raised, featuring a variety of fascia and valances
- Clutch operating system allows precise control to help ensure a uniform look
- Limited lifetime warranty

Corporate Campuses

Educational Institutions

Public Spaces

\*Larger sizes available. Surcharges and warranty exclusions apply.

## ABOUT HUNTER DOUGLAS

For more than 80 years, the architecture and design community has specified contract solutions from Hunter Douglas, the world leader in window coverings and a major manufacturer of architectural products. Our tradition of bringing breakthrough products to market makes us the company of choice for an array of contract applications, including innovative systems for interior and exterior window coverings, acoustical and metal ceilings, and solar controls. We are continually seeking, testing, and developing new concepts that will enable us to meet ever-more-demanding standards of performance.

From specification to installation, we work with architects, designers, and builders to manage light, heat, and acoustics. Expertise in customization, fabrication, installation, and technical support delivers outstanding products with our hallmarks of design, performance, and exceptional durability. Hunter Douglas' commitment to sustainability and responsible development is evidenced by our continuous efforts to address environmental concerns, improve production processes, eliminate waste, and reduce maintenance.

The Hunter Douglas portfolio includes thousands of high-profile projects around the world, from retail, corporate, and commercial facilities; to major transit centers and public spaces; to hospitality, health care, and educational/governmental buildings. Major operational centers in Asia, Australia, Europe, Latin America, and North America give Hunter Douglas an unmatched worldwide presence. Subsidiaries around the world let us deliver products globally while adapting them to meet local requirements.

Hunter Douglas has its headquarters in Upper Saddle River, New Jersey, and Group headquarters in Lucerne, Switzerland. The Group is comprised of 150 companies with 66 manufacturing and 84 assembly plants and marketing organizations in more than 100 countries. Hunter Douglas employs about 15,000 people worldwide.

## LIFETIME LIMITED WARRANTY

We extend a warranty to the original purchaser(s) of our contract products for as long as you own them. If they have a defect of materials or workmanship, we'll repair or replace them. Some limits apply to cords and fabrics. Ask us for detailed warranty information.
